adidas Adibreak Track Pants - Blue | adidas US

The screenshot shows the product page for the Adibreak Track Pants. At the top, the adidas logo is followed by navigation links: MEN WOMEN KIDS, SPORTS BRANDS, CUSTOMIZE, HELP, ORDER TRACKER, NEWSLETTER SIGNUP, and SIGN IN. A search bar and a shopping cart icon are also present. The main image features a male model wearing the dark blue track pants with white stripes and a white t-shirt. To the left of the main image is a vertical sidebar with five small icons representing different apparel items. To the right of the main image, the product title "ADIBREAK TRACK PANTS" is displayed with a price of \$80. Below the title, there's a section for "AVAILABLE COLORS" showing three color options. A "Size Chart" is provided with dropdown menus for "SELECT SIZE" and "QUANTITY". An "ADD TO BAG" button is at the bottom of this section. Below the main image, a "COMPLETE THE LOOK" section shows related products: socks (\$18), a t-shirt (\$35), and shoes (\$70). The overall layout is clean and modern, typical of an e-commerce website.

GOOD BUT NOT THE GREATEST
January 23, 2018

When I first saw these I got super excited and had to buy them because I have a pair of original 90's ones that have gotten a bit too loose from wear. Taking them out of the package I immediately noticed the material wasn't as thick as the originals which made me a little sad because they're not as soft either. The backs of the button closures on the inside are a little scratchy on the legs compared to the originals, they feel a little cheap to be honest, and I'm afraid they would rip if I repeatedly unbuttoned and buttoned. The pockets on the front are a little awkward feeling, they seem too forward instead of being right at the sides like regular pants. I love the embroidery on both legs and they really do look classic. I wish a little more quality was put into these (for the price), but overall I am happy. Pictures are of new and old pants comparing button snaps and materials.

LOVE THE JACKET AND THE LARGER EMBLEM ON THE BACK
Excited to own another jacket and went down in size to a medium. My first was a women's L for comfort but felt it was boxy so tried the medium and at 5'9" and 145 it is a good fit. I like the larger emblem on the back. The colors in person are not as bright as on line. They are still bright but my teenagers really liked the combination.

COMFY BUT NOT FOR HIGH ACTIVITY

Not a great choice for moving in. It's a great lounge bra but not supportive if you're above an A cup. It's very cute and I will definitely utilize it as an errands/around the house bra.

VERY NICE SKIRT
This is a really nice true to size skirt, it did come up longer than I expected but the model in the pic is probably around 5'10 whereas I am 5'5ish, you can however turn over the waistband if you want to wear it a bit shorter so all good.

It's not bad- just okay.
I would like it better if it had a drawstring waist. It does run slightly small so I'd suggest going up a size if you want a looser fit. Do be aware it is a long skirt- even for me at five nine.

PICTURES ARE MISLEADING.

PROS: Fit and feel are great. CONS: Color is off. It looks black/bright red in the photo but it is actually charcoal grey/shrimp red (reddish orange) in real life. My biggest concern is the position of the stripes. In the photos it looks like the stripes fully wrap around the shins and cut off in the center of the calves, but the pair I received does the opposite. The cutoff starts in the front which I think looks awkward. In order to achieve the same look you have to twist the stripes about 90 degrees which makes the fit feel rather uncomfortable. If the stripe placement doesn't bother you then I would recommend!

GOOD PURCHASE BUT

Overall perfect fit. I'm a size 8 usually and ordered a S. Only thing is the crotch area tends to ride a little high up and causes a camisole I find happens with most of the adidas leggings.

These are really nice leggings, I'm 5'8, a size 8 and got an XS and they fit well, I like my leggings quite tight though so they don't fall down in the gym and the S were a little loose. The only thing I find weird is the stripes on the leg don't go the whole way around so it doesn't look completely like the pictures. Still recommend though :)

Great jacket! Good quality & love the red. I thought it would run like my other adidas jackets. I always buy medium & it fits well. I think medium runs a little small in adidas but this was huge! It's bigger & longer than all my other jackets. I need to return for a smaller size.

V-STRIPES PANTS
WIND PANTS WITH OMBRÉ CHEVRON 3-STRIPES INSPIRED BY ARCHIVAL PIECES.

Two pieces have been selectively pulled from the archives to create this adidas Originals look. The pieces were first deconstructed and then remastered into this totally new, completely authentic design. These men's wind pants feature chevron 3-Stripes on the legs that fade from light to dark. Zips at the ankles add a retro vibe and make them easy to slip on and off.

LOVE ALL MY ADIDAS PANTS

Always in the lookout for new higher or track pants from adidas and these are great. They just fit a little large. I'm 5'11" and got a medium, but a small may be too small.

VERY CUTE DRESS BUT RUNS VERY SMALL!

The dress is so cute and the fabric is very nice however the dress runs very small! I usually wear size 10 AU in dress, top and skirt but I purchased size 12 AU hoping it would fit me just right not too tight or loose but when I tried this on, it was tight especially around my bust area and hip. Fortunately, the fabric is stretchy so I can still walk properly while wearing this dress. Therefore, I recommend you ladies to buy one size bigger.

SIZING IS HIT OR MISS!

I purchased this jacket as part of a 3 piece outfit. This jacket runs a little small, while the matching tights are huge! My biggest complaint is that the fabric feels super thin and cheap! Not what I was expecting from such a huge brand as Adidas. Needless to say, I had to return everything due to sizing issues.

THE MATERIALS USED WAS SO THIN, IT DOESN'T FEEL LIKE THE ORIGINAL JACKET ON...

I suggest to buy directly on Adidas store to make sure of its quality. The quality of the jacket that i received was not that good.

NOT THE QUALITY I EXPECT FROM ADIDAS

wore for the FIRST time, hadn't even taken them off yet, and stitching of one of the stripes came out so now one leg only has two stripes... when the entire brand is based around 3 stripes i'd say this is kind of a big deal... not very happy at all which is sad because the actual legging itself feels so nice. but we here for the stripes >:(

ADIDAS X CLASSIC LEGO® HOODIE

A LEGO® HOODIE MADE IN PART WITH RECYCLED CONTENT.

Master your workout on your local fitness trail in this juniors' hoodie. Classic LEGO®-inspired colors combine with iconic adidas DNA for a unique twist on a go-to staple. A front zip pocket keeps your essentials secure as you conquer each station.

Made in part with recycled content generated from production waste, e.g. cutting scraps, and post-consumer household waste to avoid the larger environmental impact of producing virgin content.
